

LAKE NEWS

Scott Lake Maintenance Company
May
Edition 4, Volume 1

ATTENTION!

At the April Board of Trustees meeting, we voted and passed to raise the HOA dues from \$10.00 monthly to \$40.00. These extra funds, will allow Scott Lake Maintenance Company to afford the many expenses it takes to manage an HOA. It will be affective on the June billing statement.

SOCIAL MEDIA! It's become increasingly aware to the BoT and those concerned about our community that the hate speech so freely disseminated on various Facebook pages is damaging. It not only hurts individuals, but most importantly affects our

Office Hours: Our Community Center is currently staffed by volunteers on the Board. The hours are 10am-1pm M-Th for in-person or calls.

property values. When these types of comments/messages are seen by outside the community, it shines a negative light on the culture here at Scott Lake.

If I may suggest some guidelines before you press the enter key or send button. Think about the message, who's involved and who

might be affected. Was empathy exercised prior to drafting the message? Will this message degrade public opinion about my community? Can this be solved a different way, perhaps privately?

YOGA!

The HERS Club is organizing yoga classes for the month of May. These classes are a \$10.00 minimum donation, proceeds will go towards a new electronic reader board. The classes are on Mondays starting May 2nd from 5pm-6:45pm. These classes are available to anyone 15 years of age and older. For those 15-17, please have a parent/guardian sign a waiver. For more info, reach out to the HERS Club.

FISHING DERBY!

We are so excited for this year's fishing derby and want to thank the SLAMS Club for organizing the event and all the coordination that goes into making it great for our youth. There is a need for volunteers. Please reach out to Dave Tracy with SLAMS for more information. The Derby is happening on May 21, so please come out and enjoy the fun.

Park Update:

We are making great strides with our park to get it ready for summer. The bathrooms will be ready for use on May 1st. We've chained up the parking area at nights to eliminate cars from driving through. The park signs have been restored, thanks to the HERS Club and our Parks and Rec. Committee.

Board of Trustees Annual Meeting:

Coming on May 14th at 10am, we'll be conducting our annual meeting. We'll discuss and vote on the coming years budget, some future visions for the association and the coming changes with regards to your Board. The budget will be available online on April 30th.

If you're not tech savvy, the budget will be available for pickup in the office starting May 2nd.

GROUNDS & WATER TOUR:

The Board toured the grounds and water system. We learned about how much work needs to be done to protect our precious commodity! Our plan is to provide a presentation that shows a detailed virtual tour. When ready, it will be posted on our website.

COMMUNITY CENTER:

We moved the books, videos and games in public access areas. We want to encourage our neighbors to come and hang out. Read a book, play a game or watch a movie.

Calendar of Events:

Note: events can change at any time, so please check the website for real-time updates.
