VOL. 6, ISSUE 2

October Events

October 30, 2022 Harvest Party at the Community Center. Stay tuned on Social Media for more info. Please email the office @office@scottlake.net if you volunteer or need more info.

Communications Committee

Contact: Dane.Johnston@scottlake.net or call 206-941-0484 pertaining to any questions you may have concerning Scott Lake Community.

Fall is around the Corner—Urgent-Reminder

Wet weather is sure to get here, is **your culvert and the ditch** in front of the house-free of weeds-not smashed-not free flowing? If any of these apply, it's time to get your culvert cleaned and ready for rainy days. Having culverts and ditches that hold the rain-water and direct it to the various areas, allows for less flooding in your neighborhood.

Water Committee

On August 31st Inland Potable cleaned and inspected both reservoirs on Champion Hill. We received the video and are awaiting the written assessment report.

Electrical repairs were done on the Well #6 electrical as it kept tripping off. It now is coming on and staying on as needed.

KCL is planning on installing additional shut off valves in the water distribution system in early October. The work will require water shut offs in the system for one day and then a couple of days of boil water notice will happen until water quality testing is completed. The installation of additional valves allows fewer people to have their water turned off during repairs or improvements once all the isolation valves are installed. There will be several more valve installations after this, but we are getting closer to having the planned ones completed. When a specific date is known, the community will be notified.

Governance Committee

Bylaws Updated: diligent work is being done on updating our Bylaws They were written in 1962 and haven't been updated since. While we don't know the exact date we will finish, we felt it's important to get awareness out to the community of the coming changes and further, the community ratifying them with a vote. The B.O.T.'s plan is to have multiple town hall meetings to discuss the details of the bylaw changes, answer questions and hear concerns. We will post the dates of these town hall meetings soon, but the idea is that we'll have multiple to accommodate your busy schedules. These will be held in person and over zoom.

Parks and Recreation

As a courtesy to our Community the Park bathrooms will remain open this year. Parking lots are closed at dark. Please remove vehicles to outside the lot area. Remember, if you See Something, Say Something. Please call and report incidents to the office 360-352-4787, or the TCS non-emergency # 360-704-2740. Toddler wading area received great reviews so it will be back next year. Want to be involved in the design of a new playground? Volunteer for the Playground design project. Please reach out to Marci @ 360-584-8538, message me on Facebook or email at: marci.simmons@scottlake.net Volunteers are always needed.

Finance Committee

The Profit and Lose statement from September Board of Trustee meeting is now available for download. The documents are located on the Scott Lake website. <https://scottlake.net>

Welcome to the Community

We would like to welcome to the community our new maintenance employee **Mat**. If you see **Mat** out and about, stop by and say hello and welcome him to the neighborhood.

Other Highlights

Fall clean up - Please remember to remove all garage and yard sale flyers once the sales are done.

Update your contact info - Please make sure your contact info is updated as it changes. This will ensure you are informed of water emergency through email, text or voicemail. Email the office with the update at office@scottlake.net

Speeding concerns - We've had several concerns about speed reported recently. **Please slow down when you see animals and people walking on our community streets.**

Recycling—wheredoitakemy.org—good site to know where and what to recycle

Want to get active in the community - The Scott Lake board committees are looking for volunteers to help out. The SLAMS Club and HERS Club are also looking for new members.

Thank you

Thanks for the hard work on the front entrance for beautification. It looks really nice. We appreciate when our community members reach out to the office about things they see such as a broken swing in the park. We can't be everywhere, so your help is very necessary to maintain a safe, inviting environment.
