

Message from your President – Eric Riffe

Dear Homeowners,

Our neighborhood is more than just a collection of houses—it's a community. As such, we all must do our part to keep it safe. One of the easiest yet most effective ways to do this is by staying vigilant and reporting any unusual or suspicious activity.

This is where the "If You See Something, Say Something" principle comes into play. By staying alert and notifying the proper authorities when something feels off, we can deter crime and maintain the security of our homes.

What Should You Look For?

- People or vehicles acting suspiciously, such as unknown individuals walking through yards or parked cars without an apparent reason for being there.
- Strange disturbances in your area include missing property, car rummaging, or broken items/property.
- All broken or damaged community property may be an indication of vandalism.

What to Do When You See Something Suspicious:

- **Stay Safe:** Do not approach anyone or intervene directly. Your safety is the priority.
- **Report It:** Contact the SLMC office via phone or email, or the local authorities. Provide as many details as possible (e.g., time, location, description of people or vehicles involved).
- **Stay Anonymous:** If you prefer, you can always remain anonymous when reporting.
- **SLMC Common Grounds:** If you see something broken or damaged, please contact the office @ 360-352-4787 or email: office@scottlake.net, so maintenance can take care of it.

Remember, when we all contribute to the safety of our community, we create an environment where everyone can feel secure and enjoy their homes.

Together, we can ensure Scott Lake Maintenance Company remains a place where neighbors look out for one another.

Mini Hydro Races Saturday, April 12th, 9 am-3 pm

Scott Lake is privileged to be the home of the ERCU (Electric Radio Controlled Unlimiteds) Diamond Cup for the second year. This exciting event is like our own miniature SeaFair! ERCU is a group of hydroplane enthusiasts racing 1/10 and 1/7 scale models of vintage, classic, and modern era unlimited hydroplanes. They are known as one of the premier fast electric scale unlimited clubs in the world! Because these boats can reach speeds of up to 70mph, the lake will be closed to all other activity for the whole day, dawn to dusk. This is for the safety of all involved. In addition to the race, the Events Committee will host an art station for kids, and SLAMS will offer a concession stand with proceeds supporting this year's Fishing Derby. So please come down to watch the excitement and enjoy fun with your neighbors!
